Please make a summative comment about RE in the school which may be used for publicity	RE at Christ Church excites questioning and is a key part of what helps pupils recognise what they have in common and how they can critically question religious differences. The SL leads the subject with passion and insight bringing useful reflections to what RE means in a Muslim majority Christian school. The Head has a clear and effective vision for RE that "walks the talk." Trips and visitors are used well to develop critical RE. There is much that other schools could learn from the good practices in RE at the school.
Any other comments about the school or the process	The school has achieved Silver with passion and enthusiasm. With engagement in research, greater monitoring and development of teaching, curriculum development that plays to the strengths of the school and wider reflection and sharing of good practice Gold is possible.
