

Our Mission statement

Serving God's Community

In developing a greater understanding of Christian and other faiths within the community, we seek to develop the personality and potential of all, and to understand that we are created equally by God.

We are committed to providing an outstanding education to prepare our children for adult life in modern Britain within our locality by living in harmony before God.

By developing the social, moral and cultural and spiritual dimensions of pupils the school seeks to equip them to make a positive contribution to the community.

In finding time to be still and reflect, we seek to foster spirituality and a deeper relationship with God.
